Blake	Charles	1	10	46	06/03/1798
					To David Smith, Esq. Montreal, March 6th, 1798. Dear Sir; My long knowledge of you and your family, and your own general worthy character has emboldened me to address you on the part of Friendship and long acquaintance to aid me in the recovery of my lands which I am justly entitled to, and which very wrongfully are withheld me. I served during whole American War in Canada and at Fort Stannix, and at the peace was reduced in Canada as a Staff Surgeon, for which when in full pay I received 10 shillings per diem and now five shillings per diem half pay. Having been detached with Mr. John Johnson's Corps upon service, we agreed to draw part of our lands together and as my pay and emoluments were same as a Captain, it was understood I was justly entitled to my lands as such. My name was placed on the map on the River Rideau for 2000 acres having got 700 on the Ottawa River and 400 in the Township of pittsburg, but from accident or design my name on the Rideau is struck out on the Map, although Capt. Hugh McDonald, then Deputy Surveyor, for that District declared he inserted my name on the map but unfortunately now no one can account what is become of that map. and I am informed that the Council in Upper Canada on a reference to the Council in Quebec saya I am only entitled to a Subalterns Land. This must be a mistake. A Regimental Surgeon formerly was only a Subaltern but as Staff Surgeon having the same pay had then the same right to land as a Captain. But if my land hitches upon whether I get land as a Captain or Subaltern, I will make it my business to go to the Governor of Quebec to rectify it. These are my pretensions and these the plain matters of fact in my case. Now Sir, if I am honored with your friendship on this occasion you may put me in the right way to obtain them. The Solicitor General W. Gray has my power of attorney and an directions on this that you give give him, I am sure he will attend to it. Enclosed I send you vacant lots on the Rideau for 1000 acres transmitted me by Mr. Thos. ? , which I hope you will file up in my name. Captain Munro and many other Gentlemen of the Council & Assembly knows my name was on the map. Your kindness to procure these lots for me will be attended with an everlasting obligation. Mr. Gray has orders to pay patent fees at my expense. Mrs. mason is with me. She is blessed with a fine infantm a boy who was so exceedingly ill as to be in a dying state when poor Mason left me in the ? . The mother and child are both well. Mrs mason joins Mrs. Blake and me in kind respects to Mrs. Smith and likewise Mrs. Smith Senr. Am dear Sir, Your most Obed. and very ?????? Charles Blake.
					(Note on the back of the last page:) The enclosed certificates is for One Thousand Acres. Can I say so much as that you may give me the remaining thousand where you please.

					"Sir John Colbourn, Gov. of Upper Canada I humbly beg leave to inform your excellency that in July last year your excellency, Colonel By, Bishop McDonnell, etc, etc, etc, was coming up the lines of the canal towards Merricks Mills when I come before your Excellency and applied concerning a lot of land I possessed in the in the township of Marlborough 9 concession No. 24 lot all in bush. I am clearing and working since the 3rd of November 1828. This day your Excellency asked my name I answered John Costello and also asked how many sons and how many daughters I answered four sons and five daughters I understand one of the Gentlemen entered my name in his book and the name of the township and lot. In January last Captain Lewis of Richmond told me himself lately got a location ticket of it and also told me right to your Excellency about it and mention in the wrighting that himself would take a lot from Government in place of it. sooner than he would trouble me. When he heard that I had 9 orphans and came out May 1828. Then I sent a letter from the post of Richmond by Captain Lewis and paid 1-2 Postage and got no answer. I request your Excellency will consider and look into myself and my family for I have no money at prest to deal with Mr. Lewis. for what money myself and some of my children earn I had to pay it to them that gave me provisions

Costello	John	9	24	1308	05/01/1830
					<p>John Costello writes to Sir John Colbourn, Governor of Upper Canada (obviously by someone else's hand; see also #1305 which was crudely written). There is a similarity between this letter of January 5, 1830 (#1308) and John Costello's letter of March 10, 1830; (#1305). This letter was probably the model that John Costello used to draft his. In this submission Costello says that Captain Lewis suggested to him that he write to the Governor and say that he (Lewis) would not disturb him if he (i.e. Lewis) got a lot in replacement for the one that Costello has occupied and improved. Costello also says that " my neighbours possessed here 6 years ago and got their deeds less than 2 years time without paying any money. names Thomas Enright, Thomas Moore, Timothy Hagerty and James O'Neil for they gave their Vote to some Gentlemen who brought them their deeds. Unless your excellency will do something for me or let me know what to do concerning my land I dont know what will myself and my 9 orphans do if I am dispossessed as I have no money for it is in May 1828 I landed in Quebec It is charity for your Excellency to let me know what I will do for 5 of my children is helpless(?), the next post office to me is Richmond ..."</p>
Costello	John	9	24	1310	18/08/1830
					<p>This appears to be a letter from the Governor's office to Crown Lands Office. The letter's date may be either 1830 or 1836. The writing is , in places, difficult to decipher; Generally it says this:</p> <p>"My dear Sir; His Excellency believes that Costello had received his grant in lieu of the one which he took pssession of without authority. Mr. Costello was told enquiry should be made and if the Lot 24, 9th Concession of Marlborough was not granted, that he should be permitted to settle on it but he never was encouraged as he states to go upon the land. Will you let me know whether I, or you, shall write to him. Yours Truly, ----- ? -----</p> <p>To Commissioner of Crown Lands</p> <p>His Excellency thinks that he should have a lot somewhere"</p>
